More World Championship blood here with this compact and uphill moving youngster with a top temperament to match that of his world beating father So Unique. This special son of another triple champion, Sezuan. So Unique was awarded premium stallion at the Hanoverian Stallion Licensing in 2017, where he was the auction highlight. In 2018, he was again premium stallion at his licensing in Danish Warmblood and later on he won the 35-days performance test in Denmark with the total score of 8,72. He was given 9,0 for the trot, canter, rideability and capacity, and no marks were under 8,5. His impressive appearance, evidently influenced by the great-grand sire, Weltmeyer, and his impressive gaits make him a very special recommendation for future breeding. In 2018 So Unique became Bundeschampionate for three-year-old stallions.

With an overall score of 9.64, he was the champion of the first edition of the four-year-old final at the World Championships for Young Dressage Horses in 2019 in Ermelo/NED - So Unique continues to be in a league of his own with Eva Möller. 10.0 for walk, 9.8 for perspective, 9.7 for canter and rideability, 9.0 for trot - and far ahead of the other competitors. Already at his stallion performance test and in his victory at the German Championships, dream scores were hailing for this radiant stallion, who was premium stallion in Hanover and Denmark and left the Verden licensing as the top price of the Stallion Market.

The dam line does not disappoint and came from the legendary Dutch stud De Watermoelen. £ POA
